COMMISSIONER COMENTS:

Commissioner Zboinski stated the SCBA washer instructions are up by the washer. Maintenance will be putting up a basket so there is a Philips screwdriver there.

Commissioner Freer thanked everyone for their work on the Inspection Dinner. It is important to recognize the membership.

Chairman Dixon echoed Commissioner Freer's comments. He said it is more than just an inspection dinner. There were almost 200 people there. He and 39-1 spoke about getting photos and pictures from events that get taken and then go nowhere. He would like to see them loaded to the website, social media and TV in the hallway. Vinnie Galvin took over 200 photos of the inspection dinner and Dutchess County Weekend and sent them to 39-1. Chief J. Jackson stated when he became chief he talked to Secretary Kaye about creating a website to upload pictures to. He may need to revisit that. They also attended some classes regarding a Public Information Officer, Mr. Galvin also asked if we had a copy of NFPA 1500 that we could supply him with. They did talk about striping the new 39-64 and that it will look like 39-62. He spoke about the transition to Firefly. Kevin Jackson is supposed to reach out to Precision to check the status of 39-34 because it has been there three and a half weeks. He stated he hasn't heard from Marion regarding the newly found rust issues on 45, 43, and 52. The rust on 34 will not be covered because it only had a one year warranty. It will also have to be repaired at some point.

CHIEF REPORTS:

District Chief – see attached report for April 2026.

1. He stated he appreciated the Board for hosting the Inspection Dinner. It went well.
2. The Harrisburg trip had six members attend. They found some extrication things and haz mat information that can be accessed through Chief 360. He thanked the Board for allowing them to attend that event.
3. The Hopewell Reformed Church service was very well done.
4. The Firemen's Home Dutchess County Day was this past Sunday as well. There were between 15 and 20 members from the district that attended. He was very impressed with

the facility and the visit was very appreciated by the residents. East Fishkill definitely had the most members in attendance.

5. He attended the John Jay Memorial Day Service. It was moved inside and there were some communication issues, but it was overall a nice service.
6. Onsemi issues are continuing. There have been emails back and forth and the key will be having them maintain an onsite fire service. They have been dwindling it down. The Chief stated he needs an explanation of their safety protocols, but can't take the weeks they keep suggesting to see it all.
7. He thanked the Board for the Chief's Council Dinner and the EMS dinner.

1st Assistant Chief – See attached report for April 2026.

Chief Conti thanked the Board for both the Inspection Dinner and the Harrisburg trip.

Chief Howell asked if they had reviewed the estimate for the bed lining. Chairman Dixon stated the Board did not make a determination. If they do it for one vehicle they will have to do it for 12 of them. He did discuss the condition of 39-35 with the rust and the future bodywork that will be needed. He does appreciate Chief Howell bringing the information to the Board. Chief Howell stated the vendor also discussed taking off the mounts and putting them back on as opposed to the members doing it. It would make it cheaper if the district did it. Commissioner Zboinski asked about the warranty it has. Chief Howell asked if the promotional video was completed and Commissioner Jodlowski stated yes, it just needs to go out to everyone. He stated he got an email from NYSAFC regarding the NYS Assembly passing a bill on the tax benefits for firefighters increasing from \$200 to \$800 and being allowed to claim that and the property tax credit. They do expect it to pass the Senate and get the Governor's signature.

Chief Saltzburg thanked the Board for the Inspection Dinner and recognizing everyone's years of service. He also thanked them for hosting the DC EMS Council dinner. It was well received. The Department of Health was in the office yesterday for their inspection and it went well. Next Wednesday is the DWI drill and he asked that a notice be put on the sign board. There are six AED's donated from Amazon that are not for professional service's use. He asked that a thank you letter be sent. The Board will see if there are other agencies in the area that could use them.

Town Councilman Marinaro was present and stated there will be a workshop held at the Fire District Headquarters on June 10th. The Town Board could not find an independent contractor to do the presentation since it was discovered that the prior vendor has a conflict of interest as he is working for the company who wanted to come into the town. They are also getting a lot of concerns regarding Data Information Systems. The Town is trying to get someone from the Governor's Office because they are the ones pushing for these.

Commissioner Freer made a motion to approve the 2026 parade schedule as proposed by the Parade Chairman. Seconded by Commissioner Zboinski and carried.

ADJOURNMENT:

Motion to adjourn was made at 8:57 PM by Commissioner Zboinski and seconded by Commissioner Jodlowski.

Respectfully Submitted,

Julie J Beyer
Secretary/Treasurer
